# VAYAS ORTHO-NEURO REHAB PROGRAM

The VAYAS ORTHO-NEURO REHABILITATION PROGRAM is a process of specially designed therapies, aiming to achieve normal living conditions for those who suffer from orthopaedic and neurological defects or disorders. The program is about empowering and providing reinforcement to individuals, to help restore and fine tune the affected faculties and to enable them to live a life to their full potential.

**Vayas Ortho neuro clinic gives focus on treatment and rehabilitation of all type of acute and chronic neuro and ortho cases.**

- Osteo arthritis of all joints
- Rheumatoid arthritis
- lumbar and cervical spondylosis
- IVDP Intervertebral disc prolapse (Spinal disc herniation)
- Hemiplegia
- Paraplegia
- Parkinsons disease
- lumbar and cervical radiculopathy
- Multiplesclerosis
- Cerebral palsy
- Alzheimers disease and Motor neuron diseases Etc...

We also gives special care for Post RTA ortho neuro rehabilitation.

To achieve better results, this program should be started as early as possible. An early intervention helps heal the disorder, improves mobility, flexibility, and helps reduce time spent in a hospital.
